

Pets As Therapy

Please think of us in your will

Pets As Therapy

www.petsastherapy.org

Every week 150,000 sick and lonely people - mostly children and elderly - receive comfort, companionship and therapy brought to them in hospitals, hospices, residential homes, day care centres, special needs schools and other establishments by 5,000 visiting P.A.T. dogs and cats.

Will you help our service to continue and grow in future years by remembering Pets As Therapy with a legacy in your will? Wouldn't it be wonderful to know that you have left the gift of comfort and companionship which can make such a difference to so many people?
